**Central School • 620 Greenwood, Glencoe**

**Free for all public and private school teachers and  
administrators working in  
New Trier Township**

CPDUs available for workshop and evening lecture

In a companion presentation to Howard Gardner's electrifying October events, FAN (Family Awareness Network) and Glencoe PTO are proud to present a teacher and administrator workshop with the renowned **William Damon, Ph.D.** A developmental psychologist, Dr. Damon has spent decades researching, lecturing and writing on moral and character development through the lifespan, with a focus on children and adolescents and what helps them thrive and flourish, and is widely considered to be the leading American authority on the subject.

Dr. Damon's workshop is designed to address practical steps educators may use to foster purpose among students, adding a whole new dimension to the social-emotional learning being integrated into our schools. If you were inspired by Dr. Gardner's message last fall, come and hear his long-time friend and brilliant colleague's engaging and deeply humane take on one of the most over-looked aspects of development.

Dr. Damon is the author of the critical bestsellers "The Moral Child: Nurturing Children's Natural Moral Growth" and 2008's "The Path to Purpose: Helping Our Children Find Their Calling in Life," both of which he will discuss during his Tuesday evening lecture. The lecture begins at **7 p.m. at Central School** and is open to the public.

**RSVP on the Glencoe PTO website, where you can also find more information about Dr. Damon's visit. Go to [glencoepto.org](http://glencoepto.org) and click on "Parent Education."** CPDUs available for both events; book sale/signing at evening event. FAN is grateful for the 2009-10 exclusive media sponsorship by [MakeItBetter.net](http://MakeItBetter.net).
